

# GENERAL INFORMATION

## COURSES, CONGRESSES, SYMPOSIUMS

---

### CHEMISTRY

#### **ACHEMA 2018 CONGRESS JUNE 11-15, 2018, FRANKFURT AM MAIN, GERMANY**

ACHEMA is the world forum and leading show for all sectors of the process industry, offering a panorama of current technology trends and the trend-setting technology summit for chemistry, biotechnology and process engineering. The next ACHEMA will again be the leading international meeting point for decision-makers and experts from all related industries.

The ACHEMA Congress offers you two different presentation alternatives; either at the Congress Programme or at the PRAXISforums.

### FOOD

#### **ALIMENTARIA 2018 THE INTERNATIONAL FOOD, DRINKS AND FOOD SERVICE TRADE SHOW APRIL 16-19, 2018, FIRA BARCELONA, GRAN VIA VENUE - BARCELONA**

Alimentaria is the landmark international event for all professionals in the food, drinks and food service industry and represents an unmissable date with in-

novation, the latest trends and the internationalisation of the sector.

Alimentaria 2018 will be strengthening the unique values that set it apart: internationalisation, innovation, gastronomy, and sector specialisation. The show will also feature a highly attractive offering based on key markets for the food industry and their consumer trends.

At the next edition, the show will be increasing the range of options for exhibitors to participate and multiply their business opportunities.
