ANALYTICA CHINA 2018

9th International Trade Fair for Laboratory Technology, Analysis, Biotechnology and Diagnostics
31 October - 2 November, 2018. Shanghai New International Expo Centre (SNIEC)

Analytica China 2018 will open at Hall E1 – E4, Shanghai New International Expo Center from October 31 – November 2, 2018. Originally using 3 halls, the exhibition will expand to 4 halls. As a result, the exhibition space will grow from 35,000 to 46,000 square meters. National and district pavilions, including Germany, UK, Japan and Taiwan will showcase and over 27,000 professional visitors from the lab research and applications fields will attend the show, making it one of the largest analytica China in history.

METALLURGICAL

INDOMETAL 2018

International Metal & Steel Trade Fair for Southeast Asia
17 - 19 October, 2018. Jakarta International Expo. Jointly organised by Messe Düsseldorf Asia and PT Wahana Kemalaniaga Makmur (WAKENI)

Indometal 2018 grows alongside upbeat infrastructure demand and positive growth in Indonesia's metal and steel sectors

The fourth edition of indometal makes a return from 17 to 19 October 2018 at the Jakarta International Expo. Jointly organised by Messe Düsseldorf Asia and PT Wahana Kemalaniaga Makmur (WAKENI), the exhibition is driven by the established know-how and credentials of German-based events under the Messe Düsseldorf group - GIFA, METEC, THERMPROCESS AND NEWCAST. indometal 2018 will focus on the interdependent affiliations between foundry technology, casting products, metallurgy and thermoprocess technology, and its synergistic tie back to what is trending in the steel, aluminium, copper, cobalt, nickel and other metal sectors in Indonesia and the wider Southeast Asia.

TECNOLOGY

EXPOSOLIDOS 2019

Salón internacional de la tecnología y el procesamiento de sólidos
12 - 14 Febrero, 2019. La Farga de L'Hospitalet Barcelona

El Salón de la Tecnología y el Procesamiento de Sólidos, es la principal feria del sur de Europa especializada en la manipulación y procesamiento de sólidos, materiales a granel, polvos secos, semi sólidos y separación de sólidos, líquidos.

La presencia de las marcas líderes en EXPOSOLIDOS, convierten el Salón en el lugar idóneo para analizar y comparar soluciones a las necesidades tecnológicas de los visitantes.

EXPOSOLIDOS cuenta con el respaldo de las principales empresas europeas del sector y de los agentes sectoriales, es un evento pensado para hacer negocios, networking y buscar soluciones específicas a las necesidades de las empresas que manejan sólidos, semi-sólidos y requieren separa líquido-sólido.

PARTECH 2019

International Congres on Particle Technology
9 - 11 April, 2019. Exhibition Centre Nuremberg in parallel with POWTECH.

PARTEC is one of the world's major scientific congresses for particle and bulk solids technology. Every three years, it provides an international forum for R&D in new technologies. It runs concurrently with POWTECH, the leading trade fair for the mechanical processing, analysis and handling of powder and bulk solids.

In 2019 PARTEC will take a holistic view of particle technology and will explore a range of processes including particle formation, particle characterisation, measuring methods and agglomeration, formulation and coating. In particular it will provide fresh impetus for the characterisation and dynamic simulation of interconnected solids processes.

POWTECH

Trade fair for powder, granule and bulk solids technologies

9 - 11 April, 2019. Nuremberg, Germany

Powtech is one of the world's leading technology forums for all industries that use powder, granule, bulk solids and nano technology. Suppliers and production

specialists in mechanical engineering and particle analysis from around the world come together to showcase the latest innovations for crushing, grinding, sieving and mixing. In addition to the demanding program the congress WCPT6 (World Congress on Particle Technology) takes place, which is aimed at a top-class audience and further enhances the attractiveness of the fair.
