AIMS AND SCOPE

Afinidad is a scientific publication edited by the Associació d'Antics Alumnes de l'Institut Químic de Sarrià (AIQS). Afinidad was founded in 1921 and is the oldest journal in theoretical and applied chemistry published nowadays in Spanish language. Currently publishes 3 issues per year. Afinidad accepts reviews, original articles and short communications in English about all aspects of chemical engineering, process engineering, chemistry and biotechnology.
